

## Annual Report | *Sept. '20–Dec. '21*

### Summary

It has been another incredible year for Family for Families! In our second year as an organization, we continued to see the tremendous effect of the COVID-19 pandemic on our team members. A large number of team members this year also felt the devastating impact of extreme winter storms in the southern United States. During the second half of the year grant requests shifted back towards non-emergency categories. Again, with the help of our generous donors from all across the globe, we have been able to support our team through these crises.

**507** Grants

## Donation Information

Through generous payroll deductions and one-time donations, Family for Families was able to grant funds to all those who applied with qualifying events and expenses. These donations truly show team members' commitment to the stability of their fellow members during tumultuous times.

In October 2021, Family for Families launched our first fundraising campaign. We are so thankful for the response we received, with sites around the world taking initiative to organize their own events. This campaign ultimately raised a total of \$42,020.48 before the company match.

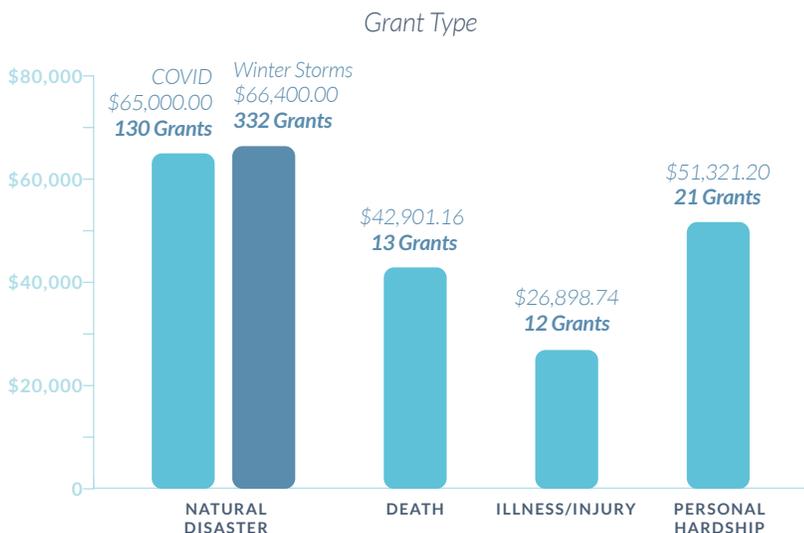

## General Grant Breakdown

In 2020, the COVID-19 pandemic fueled an unprecedented number of applications for funding all over the world. Family for Families responded by pausing all non-COVID-19 related grants in order to focus on this need.

By May 2021, we saw the needs of our team members shifting to non-COVID-19 related hardships, so we reopened applications for all general hardship grants.

## Winter Storms 2021

In February of 2021, severe winter storms in the southern United States caused extraordinary difficulties for many of our team members. Family for Families was able to focus on making the application process as quick as possible for winter storm grantees, processing a total of 332 grants and awarding \$66,400 in funding.

## Who We Are

Family for Families is a non-profit organization benefitting team members of CoorsTek, Liberty Woods International, MJB Wood Group, and the Salad Collective. Designed as a way to come alongside one another and help when emergencies strike, we act as an extension of the family in crisis.

Through this Employee Hardship Assistance Fund, Family for Families helps coordinate donations and grant requests to provide financial relief for team members and their families needing assistance worldwide.

Every team member has a unique story, and when we help each other face life's challenges, we become part of their story, positively impacting the outcome. This strengthens the heart of our work family and creates a supportive community for team members and their families to thrive.
